4 Bed House - Semi-Detached, Little Basing, Old Basing, Basingstoke

Apple Tree Cottage is a beautifully presented semi-detached home, perfectly positioned on one of Old Basing's most desirable roads. Tucked away in a peaceful cul-de-sac, this property enjoys a unique position on the street, offering scenic views across Millfield Nature Reserve. Generously extended and significantly improved, the property now offers over 2,100 sq ft of stylish and versatile living space. At the heart of the home lies a stunning 28-foot open-plan kitchen and dining area, complete with granite countertops, a classic Butler sink, limestone floor tiles, a striking lantern skylight, and bi-folding doors that open to the rear garden. Additional ground floor spaces include two inviting reception rooms, a cloakroom, utility room and an entrance porch. The living room is particularly impressive, featuring a vaulted ceiling, a charming log burner, and elegant oak flooring. Underfloor heating extends throughout the ground floor for added comfort. Upstairs, you'll find four well-proportioned bedrooms, including a master bedroom with an en suite shower room, as well as a contemporary family bathroom. The loft has been thoughtfully converted into a hobby room—accessible via a pull-down ladder—fitted with Velux windows, making it an ideal workspace or creative retreat. Outside, the property offers ample off-street parking, secured behind a traditional five-bar gate. The generous rear garden—approximately 125 feet in length—enjoys excellent privacy and has been landscaped into three distinct areas: a patio with BBQ and seating area, a serene pond with a waterfall overlooked by a timber summer house (complete with power and lighting), and an additional seating area with a garden shed. Homes of this quality, combining versatile living space, an exceptional standard of finish, and a desirable location, are rarely available. An early viewing is highly recommended to fully appreciate all that this property has to offer.
